THE METHODIST REVIVAL

There have been over thirty additions to the church during the Methodist revival. The building is being taxed to its capacity each evening, to hear Rev. Dr. C. C. Jarrell, whose preaching is an inspiration to all. Mr. C. P. Gossett and his large choir of singers are delighting the large audiences with wonderful Gospel songs.

Services will be held to-day at 9:45 a. m. and 7:30 p. m. The services Sunday will be as follows: Sunday School at 9:30 a. m., sermon at 10:45 a. m., men's meeting at 3 p. m., Epworth League at 6:15 p. m., and sermon at 7:00 p. m. The services will be conducted by the pastor, Rev. C. H. Greer.

The following is a synopsis of Dr. Jarrell's sermon yesterday morning:

"HEAVEN"

(Matt. 25:34)

Why should we study about Heaven? Because in the first place there is so much about it in the Bible. Moody said it would take him a day and night to read it all. When one is going to a far country he begins to study about it. Before going to Europe I read all I could find about the countries, cities, cathedrals, art galleries, pictures, palaces and people.

Heaven is God's dwelling place. It is called His holy habitation. It is called His holy dwelling place; the habitation of His holiness; God's throne. God is Lord of Heaven. Jesus says, "Our Father which art in Heaven." If it is childish to speak of God in Heaven, we must charge Jesus with it. These passages which I have quoted, (1 King 8:30; Duet. 26:15; 2 Chron. 30:27; Isa. 63:15; Ps. 103:19; Matt. 11:25), all indicate that God is in Heaven in a more particular sense than he is anywhere else.

Heaven is the dwelling place of the angels. In the Bible the angels are identified largely with four great crises: Creation (Job 38:7); Exodus and giving of law (Acts 7:53; Gal. 3:19); Heb. 2:2; Incarnation life of our Lord (Lk. 2:9-14); Lk. 1:26; Events of the last day (Rev. 5:9).

Our doctrine of angels is not based on an isolated passage. They fill both testaments and each grand division of both testaments and are found in practically every book of (Continued on Page 4)

BURLEY LEAF POURING IN

Heavy Receipts At Local Warehouses

Two Crops Receive Record

Prices For Season

WAREHOUSES TO BE LICENSED

Hundreds of wagonloads and truck loads of tobacco have been pouring into the Paris warehouses this week, destined for the floors of the Bourbon and Independent tobacco houses, now owned and controlled by the Cooperative Burley Tobacco Marketing Association. As fast as the crops are unloaded at the houses they are graded when the redryers take all they can get and the manufacturers come in for their share. The tarpaulin-covered wagons and trucks are again familiar sights on the streets, as they were years ago at the height of the high-priced tobacco markets, when sales were conducted at the local houses.

Many of the growers have commented, after receiving their checks, on the fact that the money represented by those advances was more than was received for the entire crop of last year.

Many of the growers have commented, after receiving their checks, on the fact that the money represented by those advances was more than was received for the entire crop of last year. The highest average advances of the season for this market were paid Wednesday by the Cooperative Association when 5,000 pounds of tobacco raised by J. M. Alverson on about four acres of ground at his place, the old Hibler farm, on the Jackstown pike, brought \$16.38 a hundred advance, and the crop of 8,085 pounds of long leaf Kelly tobacco, raised by Deputy Sheriff Doug Thomas brought \$1,162.74, or an average of \$14.37.

The crop grown by Mr. Thomas brought the second highest price and was the highest yield per acre of any tobacco delivered to the Paris floors this season. It was grown within the city limits of Paris on land owned by Mrs. Frank M. Clay.

Director of Warehouses Ralph M. Barker said that the association would have a government license for each of its receiving plants, making them all bonded warehouses.

The announcement that the War Finance Corporation has its \$10,000,000 loan ready for the association indicated that any additional financing that might be necessary would be forthcoming when needed, as the action of the war finance board in making the announcement at Washington is practically the same as placing the amount to the credit of the association.

NEWS OF THE COURTS

Sheriff M. Peale Collier and deputies are rigidly enforcing the dog tax law, and a number of convictions have been secured in the County Court, while a number of dog owners who have failed to take out the required license have been cited to appear in Court to answer the charge.

At a recent session of the Court Sarah Young, May Keene, Lucien Keene, Stanley Asbury, Harrison Burk, Sam Minor and Wm. Roe were fined \$9.50 each for failing to secure the necessary dog license and tags for their canines. In answering the charges in Court the parties gave many varied excuses. One colored man said he did not have enough money to buy something to eat, and therefore was unable to purchase a license. It developed that he was the owner of four dogs, for three of which he had already secured licenses. At the trials only one dog was named "Ring," while six others bore the name, "Teddy."

LIVESTOCK SALES

Auctioneer Ray Rowland makes the following report of the sale of live stock, farming implements, etc., belonging to Roy Batterton, which he conducted on the premises on the Cynthiana pike, near Paris:

Horses, \$40 to \$100 each; mules, \$43 to \$90; unbroken horses and mules, \$15 to \$60; milch cows, \$25 to \$28; brood sows, \$37.50 to \$50; gilts, \$12.50; boar, \$40; Jersey heifers, -18; yearling steers, \$35; yearling heifers, \$30; hens, \$1 to \$1.15; corn, \$4 per barrel; baled straw, \$6.50.

The sale was attended by a large crowd. The bidding was spirited and all articles sold brought very satisfactory prices. Farming implements sold well.

DEATHS

Life Is But A Brief Span, A Debt That All Must Pay

LYTLE

—Relatives in this city received a message Wednesday night from Covington, announcing the death there of Frank Lytle, aged eighty, for many years one of the best known men in the tobacco trade of that vicinity. Mr. Lytle had for many years been engaged in the tobacco business as overseer for the R. J. Reynolds Co., and other large manufacturing concerns, and was well-known throughout Kentucky in that capacity.

Mr. Lytle was an uncle of Omar and Foster Lytle, of Paris, and Mrs. Edna Dodson, of Dayton, Ohio. The funeral will take place in Spring Grove Cemetery, in Cincinnati.

PETERSON

—Dr. Henry Peterson, aged sixty-eight, died at his home in Millersburg, at an early hour Tuesday morning, after a long illness due to a complication of diseases. Dr. Peterson was one of the best-known citizens of the Millersburg precinct, a physician of recognized ability and high standing in the community, and a man whose worth to the community was amply attested by the high esteem in which he was held by all who knew him.

Dr. Peterson is survived by his widow, Mrs. Lena Steele Peterson, and one daughter, Miss Elizabeth Peterson, three sons, E. T. Peterson, R. Peterson and H. D. Peterson, and one brother, Jerry Peterson, the latter residing near Ruddles Mills.

The funeral was held yesterday morning at ten o'clock at the family home, with services conducted by Dr. C. C. Fisher, of Millersburg College. The interment followed on the family lot in the Millersburg Cemetery. The pall-bearers were: John Wright, Wallace Thorne, Cole Collier, Wm. Ryan, Horace Purdy and Virgil Barton.

BOLD BURGLARS BUSY

Mr. and Mrs. John B. Geis, residing in the flat in the Wilson building, at the corner of Main and Third streets, were awakened at a late hour Tuesday night by a noise in the K. of P. lodge room, on the floor above them. Thinking burglars were at work in the building Mr. Geis summoned police, who, after a thorough search of the building, came to the conclusion that the burglars were mostly conspicuous by their absence.

When Mr. and Mrs. J. A. Fitzgerald, of New York City, returned to their home after an evening's enjoyment at the theatre, they found their apartment had been visited by burglars, and valuables to the value of several hundred dollars taken. Mrs. Fitzgerald was formerly Miss Carrie Frank, of Paris, sister of Robert and Julian Frank, of Paris, and Dr. Louis Frank, of Louisville.

REAL ESTATE DEALS

Through the real estate agency of Harris, Speakes & Harris, Mr. Robt. Crombie, of Paris, sold Tuesday to W. T. Faulkner, of near Lexington, his farm of thirty-two acres, located on the Larue pike, near Shawhan. The purchaser paid \$10,000 for the property. The farm is well improved. Mr. Faulkner will move to and occupy the property.

The Paris Realty Co. sold Wednesday for George Frederick a small farm located on the Pleasant Springs pike, to James Fredericks, of Nicholas county, for a private price. Mr. Frederick will move to and occupy the property in March.

Harris, Speakes & Harris, Paris, realtors, sold for Mrs. Ruby Mansfield her farm of eleven acres, located on the Ruddles Mills pike, near Paris, to Monroe Mansfield, for \$3,600. The farm was advertised in several issues of THE NEWS.

Carter W. Martin, former proprietor of the Pastime Billiard and Pool Rooms, and Harry L. Mitchell, former Paris realtor, have formed a partnership in the real estate business in Lexington. They have opened offices in Room 4, at 108 Walnut street. Both are well-known in Paris, where they resided for many years, and where they proved their worth as good business men. Wm. Mitchell will also be associated in the business. Their Paris friends wish the members of the new firm unbounded prosperity.

SCULLY—COONS

—The marriage of Miss Mary Annetta Scully and Mr. James Edward Coons, both of Lexington, was solemnized Wednesday morning at 6:30 o'clock at St. Peter's Catholic church in Lexington, Rev. Father W. T. Punch officiating.

Miss Wilhemina Scully, sister of the bride, was maid of honor and her brother, Michael Scully, was best man. BRUCE MILLER PASSES AWAY

Death Came to Former Paris Editor And Prominent Newspaper Man Last Night

BURIAL TO TAKE PLACE HERE

A message received in Paris last night just as THE NEWS was being made ready for the press, told of the death in Cincinnati at one of the hospitals there, of William Bruce Miller, former editor and owner of the Paris Kentuckian-Citizen.

Mr. Miller had been in declining health for several months, and had for some time been in Meredith, Texas, in hopes of effecting a restoration to health. His health not improved he was brought back to Cincinnati. Mr. Miller's death was caused by a complication of heart trouble and Bright's disease.

Mr. Miller was about fifty-three years old. He was a native of Millersburg, the son of the late Mr. and Mrs. James H. Miller, pioneer citizens of Bourbon county. His parents dying when he was quite young, he was taken into the family of his uncle, the late Bruce Champ, founder of THE NEWS, where he made his home until he reached his majority. He learned the printer's trade under Mr. Champ, and continued in THE NEWS office until at the death of Col. John Givens Craddock, publisher of the Paris Kentuckian-Citizen. He purchased the plant and good will of the paper, which he successfully continued until a short time prior to his death, when failing health compelled him to retire, disposing of his business interest to Louis T. Lilleston.

Early in life Mr. Miller was married to Miss Jessie Hughes, daughter of the late James M. Hughes, former County Clerk of Bourbon county. Her death occurred about 13 years ago. Two years ago Mr. Miller was united in marriage to Miss Martha Hartwell, of Amelia, Ohio, who survives him. He is also survived by one sister, Mrs. Allie Miller Preston, of Ashland, who was with him when the end came, and two aunts, Miss Annie T. Miller, of Ashland, and Miss Nannie Miller, of

BASEBALL PROMOTORS CONSIDER CONSTITUTION

A committee composed of Jesse Morton, of Lexington, John Linehan, of Cynthiana, and B. F. Goodman, of Paris, representing the organizers of the proposed new Blue Grass League, met in this city Monday night and decided on Tuesday night, February 28, as the date on which a meeting of the shareholders in the various clubs will be held in this city. The meeting will be held for the purpose of taking a final vote on the constitution and by-laws, a draft of which will be presented by the committee at the meeting.

Each member of the committee submitted written drafts of conditions under which the league should be formed and conducted. It is understood that these drafts will differ to some extent, perhaps seriously enough to affect the organization of the league, unless the views of the different committeemen can be reconciled.

The committee will hold a meeting some time previous to the gathering of next Tuesday, for the purpose of drawing up playing rules for the league. B. F. Goodman is chairman of the committee.

"Man wants but little here below"
You've often heard someone swear it,
The women only knows that it's so,
And that is why they wear it.

Rules and regulations
As we breast the strife
In our varied stations
Hamper us through life;
Bosses understand us
That is no mistake,
So they kindly hand us
Something we can break.

Some press clubs are made up of men who have no connection whatever with the press. More than one Press Club has taken the name of the press and given the press a bad name. And some "college journalists" think most newspaper men are not on to their jobs.

Other people's troubles
Do not bother some.
They are just like bubbles
As they go and come.
The garage man doubles
An attractive ear
Listens to your troubles
Like a perfect dear.

That our Frankfort friends do not read Darwin is doubtless true—no one cares to read about a hanging in the family whether from one branch or from many. But they do not read theology, either. It is clear they have never heard of the great philosopher who remarked to an uppish young person, "You must believe in God, my dear child, in spite of all the clergy."

Greatness, that is, reflected greatness, has come to two Paris men by reason of their birthdays happening to come on the same day as that of two great Americans. Theodore P. ("Topsy") Nix and former President Woodrow Wilson both saw the light of day on the same day in the same year, and the natal days of George Washington, "the first great American," and of Jake Elvove, of Paris, were on February 22. Topsy has the advantage over Jake, in that he can congratulate Woodrow, whereas George is out of reach for Jake in the way of personal communications.

SAYS 'DISARMING BILL WOULD AID BANDITS'

Claiming the bill now before the Legislature at Frankfort which would prohibit the sale of firearms would disarm the citizen, thus encouraging banditry, a manufacturer of firearms has sent personal letters to hundreds of voter urging them to influence their representatives to vote against the bill. The letter emphasizes that such legislation can only disarm the citizen, but not the crooks. In fact, the crook's boldness would be encouraged by the knowledge that his prospective victims were disarmed.

ENROLLMENT IN SPECIAL CLASSES AT P. H. S.

One hundred and fifty adult citizens of Paris are availing themselves of the ten extension courses being offered by this school and more are expected to enter each week.

Fourteen are enrolled in the American history extension course, which is being taught by Dr. Edward Tuthill, of the University of Kentucky; twelve are taking the work in modern drama, taught by Prof. E. F. Farquhar, also of the University. This afternoon commercial courses arranged for working girls and women has a membership of twelve and is being taught by Miss Marjorie Kelly, of the Paris High School faculty, while nine of the young men of the community are enrolled in the afternoon commercial course, also taught by Miss Kelly.

Among the evening classes are the mechanical drawing and shop mathematics course, under the supervision of H. M. Clay, of the University of Kentucky, in which 14 are now registered; the class in book-keeping, taught by Miss Kelly, with 32 members and courses in type-writing and shorthand, accommodating 44.

The latest classes in the extension work are the evening course in millinery, taught by Miss Maude Asbury, of the High School domestic art department, with an enrollment of 35 and the evening course in commercial law, in which 12 are entered. This course consists of a series of lectures on various phases of commercial law. Those who have so far been secured for these lectures include County Judge Batterton, County Attorney Dave Cline, Attorney Raymond Connell, Professor W. L. Roberts, of the University of Kentucky, and I. W. Bush.

IN DEFENSE OF "THE MOVIES."

Paris, Ky., February 23.

Ed. THE NEWS:
The more I see of "the movies" the more impressed I am with their wonderful educational value, and with the fact that this educational value, unavailed as it is to any great extent, as yet, far more than counterbalances any damage that may be done to mind or morals by the occasional tendency to something sensational, which tendency, it may be observed, is becoming more and more rare.

Think of what the movies have meant to that considerable part of every American community which, burdened with the struggle for existence, leads the narrowest of lives, reads little, and has had no conception of how the other half lives. Thousands of people who, before the movies came, had never seen a cathedral or the inside of a fine home, or a fashionable woman attired in silks and jewels, who never, in fact, saw much of anything, can now, in imagination, roam through palaces, climb mountains, gaze upon the most wonderful scenes of nature, hobnob with the great, and revel in an entirely new world.

Small wonder, then, that the movies are so popular. And they have as yet barely scratched the surface of the vast educational fields lying before them. I have visited the Paris Grand many times, and have come away impressed with the fact that some of the films shown there are of undoubted educational value, as they showed me scenes which I am entirely unfamiliar. Some of the "news pictures," for instance, have changed my conception of how the big cities and some of the outside country looks. All in all, the movies are to be commended for most things and only to be condemned in very slight degree for things that are rapidly being eliminated.

A MOVIE FAN.

CHIROPRACTOR BILL IS PASSED IN HOUSE

By the narrow margin of 44 to 42 the House of Representatives Tuesday afternoon passed the Chiropractor Bill, providing for a special board of examiners for practitioners of that profession, taking them from under the jurisdiction of the State Board of Health.

The board, which opposed the bill, will carry the fight to the Senate, where it hopes to defeat it. Dr. J. N. McCormick spoke against it before the House, and Dr. R. G. Dunn, a Louisville chiropractor, advocated it. Representative H. C. Duffy, of Harrison county, introduced the bill and spoke for it, while the floor fight against it was led with vigor by Representative R. O. Huntsman, of Allen county, a Republican.

Opponents of the bill introduced fifteen amendments, most of which mentioned other branches of the healing sciences, such as osteopathy, and provided boards of examiners for them.

"This amendment is meant to kill the bill," said Mr. Duffy each time, and they were voted down.

SHERIFFS PROMISE SUPPORT TO PROHIBITION OFFICIALS

Letters from Sheriffs over the State continue to arrive at prohibition headquarters in Lexington, in reply to a communication sent last week to every Sheriff in the State asking their co-operation in enforcing State and National prohibition laws. Several Sheriffs asked that Federal agents be sent to their counties as soon as possible to assist local authorities in a fight on illegal whiskey traffic.

Sheriff M. Peale Collier, of Bourbon county, sent the following reply: "Hasten to say that we are ready to assist in the enforcement of the prohibition laws at all times. We will not only endeavor to locate and arrest any of these lawbreakers ourselves, but will be glad to assist any of your forces at any time."

FILMS SUGGESTED AS AID TO SENATE DEBATE

Does Your Head Ache?
Are You Dizzy? Despondent?

Wonderful Relief is Here Told
Atlanta, Ga.—"About a year ago I was preparing to go to the hospital to die. Had been sick and suffering two years, had dizzy spells, suffered from headache, constipation and a despondent feeling all the time. Had tried many different remedies and got no better. I got to a drug store one day and was talking to the druggist about my condition. He handed me a bottle of Dr. Pierce's Favorite Prescription and said, 'I think that will help you.' Before I had taken all of that one bottle I felt like a new woman. Now I can say, along with thousands of other women, that Doctor Pierce's Favorite Prescription cured me."—Mrs. G. W. Tidwell, 67 Hampton St.

The use of Dr. Pierce's Favorite Prescription has made many women happy by making them healthy. Get it at once from your nearest druggist, in either liquid or tablet form. Write Dr. Pierce, Invalids' Hotel in Buffalo, N. Y., for free medical advice.

UNIVERSITY OF KENTUCKY

The total enrollment for the year at the University of Kentucky has reached 2,066 to date, an increase of 372 students over last year. This has resulted in crowding still further the already overcrowded institution. This announcement was made at the University recently.

Up to the close of the first semester of this year, there had been enrolled 1,472 regular session students and 494 summer session students, making a total of 1,966 at the end of the first semester. At the same time last year there had been enrolled 1,233 students in regular session and 316 in summer session. Comparing the enrollment of the first semester this year 100 additional students have enrolled, thus bringing the number of regular session students up to 1,572, and this including the 494 summer session students makes the total of 2,066 for the year.

These figures do not include enrollments in extension, short course students, or students in the Vocational School conducted by the Government. The Department of University Extension has on its list 361 enrollments for the first semester of this year, and now on its books more than 600 active students. The total number of enrollments in extension courses during the past two years is 1,010, but approximately 400 of those enrollments have been completed, leaving some 600 active enrollments now carried on by the department.

The Value of Music.
Carlyle has said that "music is a kind of inarticulate, unfathomable speech which leads us to the edge of the Infinite, and compels us for a moment to gaze into it." It is the universal language of the feelings which increases sympathy and broadens the horizon of mankind. Herbert Spencer, in his "Origin and Function of Music," has placed it at the head of the fine arts, declaring that music cannot be too much applauded as a noble means of ministering to human welfare.

METHODIST REVIVAL

(Continued From Page 1)

the Bible. They are said to wait upon God and to minister to Him in all the work of His kingdom. They are beings of holiness and intelligence and they perform a glorious service. An Archangel is spoken of, Michael, Gabriel, and that fallen prince, Lucifer or Satan are also named. They are said to perform ministries for the heirs of salvation. In the full light of eternity we shall discover how greatly we are indebted to them. They aid us in our fight against principalities and powers in high places of which Paul speaks. They are spiritual beings and their ministry is spiritual and providential. Compare this with the gross, so-called spiritualism of former days and now revived by Sir Oliver Lodge, Conan Doyle, and others. It is a challenge to the church that the revival of spiritualism arrived before the revival of spiritual religion.

Heaven is the future dwelling place of the righteous. It is called: Their rest; The Heavenly country; The prepared Kingdom; A garner; The Father's house; Paradise; The Holy City. What is Heaven like? It is both a place and a state. Heaven is a place. I don't mean earth, stone, corner lots, buildings and houses. What is a place? We affirm of it that you are either there or you are not there, so Heaven is a place separate from sin and sinners. It is said by John to have no sea, no night, no shut gates, no temple. There is poetry, of course, in these figures, but they convey the truth of light, fellowship, society, activity, unhampered and unhindered. It is a perfect sphere, perfectly suited to the perfect state of being.

Heaven is a state. There is life, glory, blessedness and security. The words life and eternal life describe it. There is the river of life, and there is no death there. A state of glory; Glory from the face of God; Glory from the cross; Glory from the resurrection and the ascension; Glory from earthly experience, in the fires of affliction; Glory sublime, immortal, unearthly, with bodies as beautiful as love and as strong as truth, holding spirits that shine like the attributes of God. There will also be the blessedness of fellowship and service. There will be no sorrow, no tears and no crying.

I argue that there will be recognition in Heaven from the very conception of Heaven itself. It is not pantheistic Heaven. It is not an absorption of created intelligence back into the deity. We go into heaven as individuals. Our very names are written in the Lamb's Book of Life. We carry with us our intelligence and our exalted moral natures. We will know not less, but vastly more than we know down here. I add to this argument the promise, "We shall be satisfied," and I don't believe our satisfaction would be complete without Heavenly recognition. There will be activity in Heaven. Bodily activity without fatigue. Mental activity without error or confusion, and the soul without sin.

We will have eternal security in Heaven. There will be no tempter and no temptation. No probation, but continued progress in knowledge, love, and Heavenly glory.

Have you made sure that you are going to Heaven? Are the names of your children written down in the Lamb's Book of Life?

MALLORY'S INJURIES EXAMINED BY X-RAYS

Mr. Fred Mallory, who was seriously injured in an automobile accident some days ago, was brought from the Massie Memorial Hospital, to the office of Drs. Kenney & Stoeltinger, for the purpose of having an X-ray examination made to ascertain the extent of his injuries.

The result showed that Mr. Mallory had sustained no internal injuries. His left leg was broken in two places, and in one of the fractures the bones had crossed each other. He sustained a severe gash in the abdomen, and a deep wound in the chest, besides numerous cuts about the head and body. The broken limb was reset, and the injured man returned to the Hospital, where it is stated he will be confined for several weeks.

A Resume of Events in Religious Circles For Present and Future

—The Pastor's Aid Society of the Presbyterian church will have an all-day meeting on Tuesday, February 28, in the church parlors. All the members should make a special effort to be present.

The churches of Paris and the Y. M. C. A. are uniting in a "Father-and-Son" meeting to be held at the "Y" gymnasium on Tuesday evening, February 28. Special features on the program will be athletic contests between fathers and sons, speeches and "eats." Free tickets can be obtained at the Y. M. C. A. building.

PRESBYTERIAN CHURCH

Subjects for Sunday are: Morning, "Worshippers of Home-Made Gods"; evening, "A Man Who Inherited and Lost." Rev. T. S. Smylie, the pastor, will preach at both these services. Hours: 10:55 a. m. and 7:15 p. m. Everybody welcome.

The Young Men's Bible Class will meet in the balcony of the church at 9:45. The subject is "The Bible Statements and the Evolutionary Theories of Creation." The women are working hard to win the "endurance contest," which will end Easter Sunday, but the men are determined to prove that they are as good in the mile as they were in the hundred yard dash.

A Junior Christian Endeavor Society was formed Sunday night. The Junior and the Senior societies will meet at the same time, 6:30 p. m. All of the young people of the church are invited to take part in one of these two societies.

CHRISTIAN CHURCH NOTES

Morning and evening services will be held at the usual hours, 10:45 and 7:00 o'clock respectively. All visitors are cordially invited to attend these services. Rev. W. E. Ellis will occupy the pulpit both times.

All who were so fortunate as to hear Mr. Ellis' sermon last Sunday morning when he chose as his topic "Man or Beast—Which?" were very enthusiastic in their praise and the request has been made that Mr. Ellis publish this sermon so that those who could not be present may have the privilege of reading it and it is very much to be wished that the request will be granted.

Bible School will meet at 9:30 sharp. There are three great classes in the Bible School for the older people: the Ladies, the Mens and the Young Men's. A cordial invitation is always extended to those wishing to join in a great work.

Christian Endeavor will meet at 1 p. m. in the church parlors. The topic will be "Books That Make Life Better." Miss Frances Clark will be the leader. A full attendance is requested.

The Woman's Missionary Society will meet Friday, March 3, at 2:30 p. m. in the church parlors. The Mission Band will furnish the program. Beginning at 2 p. m. the Executive Board will meet in session. The board includes all officers and chairmen.

Prayer meeting will meet as usual Wednesday evening at 7 p. m. Last Wednesday evening at prayer meeting Rev. Stanley Morton, the church's missionary to Asuncion, Paraguay, South America, gave an address in the church auditorium on the work of the missionaries to that country. The talk was beautifully illustrated by stereopticon views. The audience was given a very vivid idea not only of the magnificence of South America's buildings, the beauty of its scenery, luxuriance of its vegetation, but also the great need of the Gospel of Jesus Christ.

DOES LAUNDRY WORK AND HOUSEWORK TOO

Surprised to Find Her-
self Feeling So Well

Taunton, Mass. — "I used to have pains in my back and legs so badly, with other troubles that women sometimes have, that my doctor ordered me to stay in bed a week in every month. It didn't do me much good, so one day after talking with a friend who took Lydia E. Pinkham's Vegetable Compound for about the same troubles I had, I thought I would try it also. I find that I can work in the laundry all through the time and do my housework, too. Last month I was so surprised at myself to be up and around and feeling so good while before I used to feel completely lifeless. I have told some of the girls who work with me and have some troubles to try Lydia E. Pinkham's Vegetable Compound, and I tell them how it has helped me. You can use my testimonial for the good of others." — Mrs. BLANCHE SILVIA, 59 Grant St., Taunton, Mass.

It's the same story—one friend telling another of the value of Lydia E. Pinkham's Vegetable Compound.

SENATE PASSES BILL AFFECTING NEWSPAPERS

H. V. Bell's bill (S. B. 104), which defines newspapers and job printing establishments in Kentucky the same way they are regarded by the Federal law, as manufacturing plants, passed the Senate 33 to 1. Senator Pal Garner, of Breckinridge county, was the only opponent of the measure. Senators Reynolds, Hubbard, Baker and Auxier were absent. When the rules committee called up Senator Bell's bill in the Senate, the author spoke on the need for the measure. He read from income tax rulings to show how the business is defined by the Federal government. Senator Gardner spoke in opposition to the bill.

Senator Daugherty said that a newspaper and job printing establishment is a manufacturing plant, and should be so defined. Senator Harris inquired if newspapers do not print and bind books, in many cases. Mr. Daugherty replied "yes," and said that there are many county seats in Kentucky without any newspaper. He said that the country editor is in close touch with the people, and "is an upbuilder of his community. He chides us for our errors, and when we are deserving he makes a note of it. Under many discouragements, he plies a calling of great value to the country side." Senator H. F. Green said that many newspapers also bind books, abstracts, etc., and that in this, as well as their function of publishers, they are manufacturers. "I also call your attention," he added, "to the educational feature involved. Many counties now have but one little printing press. It is struggling for existence. Many have died of the hard times. Paper and labor costs are so high, as well as machinery, that some have had to quit the business. When that happens, it is a stroke at the educational facilities of that community. No one is going to be made rich by this bill, but it will save many a struggling plant."

STANLEY SAYS "TOO MANY LAWS NOW."

A strong stand against the enactment of sumptuary legislative activities, as developed during recent years, was taken by United States Senator A. O. Stanley, of Kentucky, in a Washington's birthday speech before the Ohio Sons of the American Revolution, in Cincinnati, Wednesday night.

Senator Stanley declared a powerful and well-organized movement was on foot "to provide the most drastic and vexatious regulations for all the industrial, moral and spiritual activities of the citizens of the United States."

In the early part of his address, Senator Stanley painted a word picture of the struggles of the American colonists under the pruitanical blue laws, quoted from many of the more drastic ones, and described Thomas Jefferson's fight for the principles of personal liberty.

In tracing the resemblance of legislation of to-day, sought or already accomplished, Senator Stanley quoted from the blue laws of Colonial time, which were passed "to control the appetites and habits of the citizens, and from which Washington and his followers won their independence."

CHILD BURNED TO DEATH IN CARLISLE

Mildred Frances Bromengen, 8-year-old daughter of Mr. and Mrs. John Bromengen, of near Upper Lick, in Nicholas county, died from burns received while dressing for the day. The child had put on her shoes and stockings and went to the mantle to fix the hands of the clock, when her outing gown caught fire. She ran to the kitchen where the family were, for assistance, and the mother and one brother were badly burned about the hands trying to extinguish the flames. She inhaled the flames, which caused her death in a few hours. Mildred was a bright child, having entered the fifth grade at school. She is survived by her parents and several brothers and sisters. Funeral services were held at the home by the Rev. Mr. Carver, assisted by R. L. Moore, and burial in the Bethel Cemetery followed.

SENATOR BROOK'S FILM CENSORSHIP BILL PASSED

By a vote of 24 to 5 the Senate late Tuesday afternoon passed Hiram Brock's bill providing for a board of censorship to supervise all motion pictures shown in Kentucky.

Speaking in behalf of his censorship bill, Senator Brock said that he had waited five years for federal supervision, but that it had been defeated by a lobby at Washington. He said that in the State of Ohio the entire cost of help, aside from the commission, was \$16,200 annually, and that his amendment, limiting this sum to \$12,500 annually, was well within the amount expected to be realized from the fees. He predicted that the moving pictures would soon come into general use for educational purposes, in the school rooms.

Senator Perry introduced an amendment, providing that when a film had been censored by some other State board, it need not be recensored in Kentucky. Senator Caywood objected, saying that such an amendment would kill the bill. Senator Davis supported Mr. Perry's amendment.

Senator Brock opposed the amendment, saying that after objectionable features had been removed in other States, they could be reinserted before being shown in Kentucky.

Senator Davis said that moving pictures should be censored at the source, and not in each State. He said that it would be physically impossible for the three individuals on the Kentucky board to see every film before it was shown. Senator Hall spoke for the bill. Mr. Perry's amendment was overwhelmingly defeated.

PARIS STUDENT DUPLICATES "THE CONTACT TRICK"

The sporting writer of the Lexington Herald has the following regarding a popular student from Paris, at Transylvania:

"Johnny Coulton had better stay out of the prize ring and capitalize that now-you-lift-me-and-then-you-don't stunt of his as fast as he can from now on. This for two reasons. First, as Johnny knows, is that his fighting days are over. The second is that his non-ascension stunt is likely to be put on the blink pretty soon. "Right here in Lexington we have the first reported expose of Johnny's little breadwinner. Foster P. Mitchell, of Paris, Ky., a student at Transylvania College, has been doing the former bantamweight champ's act consistently for several weeks. Some of the strongest men in the school have tried to lift Mitchell when he establishes his 'contact' and they failed. Mitchell weighs only 120 pounds in his stocking feet.

"Howdya do it?" everybody asks Mitchell.

"Seasy. All you have to do is to hold your muscles contracted while you're being pushed up on."

"But what about this contact business?"

"That's bunk. I can do it without touching you on the neck or arm either."

"And he does."

Sincerity is like traveling in a plain, beaten road, which commonly brings a man sooner to his journey's end than by-ways, in which men often lose themselves.—Tillotson.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 15c and 30c.

Nature's Supreme Wisdom.

If it were not for the check that winter interposes, vegetation would climb skyward until we had tropical jungles and flowers high in the branches of the forest, instead of violets and daisies and lady's-slipper orchids. As it is, the year's tender growths decay in the wet and cold of winter, furnish shelter to the seeds of grasses and small woodland plants, and so foster a new growth for the coming of spring. Even in decay there is a purpose; in nature always there is a new beginning.—Youth's Companion.

The Wise and the Thoughtless.

I have many swift arrows in my quiver which speak to the wise, though they need an interpreter to the thoughtless.—Pindar.

COMMUNITY SERVICE MUSIC INSTITUTE

Community singing is so far reaching in its effect and influence, its value is hard to estimate. It is recognized not only as a means for the development of musical talent, but also as a potent factor in the building of community spirit, creating higher ideals, promoting good fellowship, awakening a keener interest in the common welfare, and altogether making for better citizenship.

With this purpose in view the local Community Service, Inc., has arranged a Music Institute to be held in the High School auditorium, beginning March 1, at 7:30 p. m., and continuing to March 8. The service of Mr. Harry Murrison, a recognized leader in this work, will be furnished by Community Service, Inc., New York, free of cost.

Mr. Murrison comes with a record of wonderful achievements in many large communities and our city is to be congratulated on having him at this time. He is untiring in his work, and his entire time during his stay here will be at the disposal of the people of Paris. In appreciation of this service he should be greeted with a large audience on the opening night. Everyone is not only invited,

but expected to be present, and to reap the benefits of all at no expense. If you know how to sing, come—if you don't know, come. It is a community affair.
